

EQUITABLE
ADVISORS

Financial Professional Profile

Equitable Advisors- General Profile

We are developing an environment for professionals to assist each other in a diverse, inclusive, and forward-thinking culture, which in turn will enable our team to guide our clients and small businesses in the communities to which we serve and live.

We are committed empowering our clients to reach their financial goals through a variety of financial services tailored to their individual needs such as risk management, retirement planning, asset allocation, and estate planning strategies. We guide our clients in making choices that lead to a long and fulfilled life.

What are we looking for?

1. College Graduates
2. Professionals seeking new opportunities
3. Individuals in the financial services industry

The ideal candidate

We seek talented people to grow with us, people who possess special attributes that afford them the opportunity for greater impact. More independence, and an earning potential control.

The ideal candidate has:

Ambition & results-driven goals

A desire to help others

A team-oriented focus

Effective communication skills

High integrity and professionalism

About Equitable Advisors

We are a leader in helping individuals, families, and businesses reach their financial goals through strength, courage and wisdom. Since our beginning, we have been dedicated to helping our clients make smarter decisions so that they can focus on the people and the passions in their lives that matter most to them.
